---

## TECHNICAL SKILLS

**Proficient:** JavaScript, React, Redux, Node.js, Express, PostgreSQL, Sequelize, Git, Github, HTML, CSS

**Knowledgeable:** Mocha, Chai, Heroku, Travis-CI, OAuth, Passport.js, SQL, Victory.js, React Native, AWS

## PROJECTS

**SpyQL – Developer – Browser-based game teaching SQL commands**

<https://github.com/CapstoneTeamf/SpyQL> | <https://spyql.herokuapp.com>

- Designed code editor component and developed backend to parse player's SQL queries
- Spearheaded site deployment via Heroku with continuous integration using Travis-CI
- Technologies: Express, PostgreSQL, Sequelize, React/Redux, Typed.js, CodeMirror

**Weather Watcher – Developer – Chrome extension informing users about climate change**

<https://github.com/Jackie-Sydney-Betsy/weather-chrome-extension>

- Created Google Chrome extension that keeps users informed about climate change locally and globally
- Designed UI with CSS and implemented GNews API to find top three current climate change headlines
- Technologies: React, GNews API, OpenWeather API, Chrome Extensions, HTML, CSS, JavaScript

**HalloWOOF – Developer – Mock e-commerce site selling Halloween costumes for dogs**

<https://github.com/Grace-Shopper-BG-JL-AV/grace-shopper> | <https://hallowoof.herokuapp.com/home>

- Developed database schema and built out models and associations with rigorous testing
- Implemented user cart experience, allowing users to add, remove, and change item quantities
- Technologies: PERN Stack (PostgreSQL, Express, React/Redux, Node.js) as well as Mocha and Chai

## WORK EXPERIENCE

**Harmony Program: Program and Education Manager, New York, NY**

June 2018-July 2020

- Supervised roster of 60 part-time teaching artists as well as a Program Assistant and Social Media Associate
- Strengthened and coordinated afterschool and summer programming in music for 13 sites across NYC
- Curated teacher training program providing 50 hours of professional development for teaching artists
- Organized special events including an annual Gala featuring artists such as Chris Thile and Joyce DiDonato

**Oxford University Press: Assistant Editor, Music and Art Textbooks, New York, NY**

June 2016-June 2018

- Created over 100 digital listening maps to accompany music textbooks focusing on a variety of genres
- Devised tristate area sales strategy for new music appreciation textbook, generating new adoptions
- Collaborated with digital team to produce complex ancillary programs including interactive eBooks

## EDUCATION

**Grace Hopper Program at Fullstack Academy, New York, NY**

August-October 2020

- Immersive 17-week software engineering bootcamp focusing on JavaScript full stack development

**Princeton University, Princeton, NJ**

June 2016

A.B. in *Music*, *magna cum laude*, Certificate in *Orchestral Conducting Performance*

- Senior Thesis: "Beyond Branding: How Music Can Inspire Consumer Research and Product Development" based on fieldwork completed as an intern at Colgate-Palmolive during the summer of 2014 and fall of 2015
